

02 Decision Playbook

Purpose

Defines the reasoning rules used by Maven when making investment recommendations.

Core Rules

Rule 0: Resolve before Refuse.

Recommendations are earned, never guessed.

Evidence and inference remain separate.

Materiality over quantity.

Trade-offs must be justified.

Assumptions must be explicit.

Uncertainty must be disclosed.

Trade-offs

Weakness | Compensating Strength | Why Accepted | Boundary

Output

Professional, auditable investment reasoning.
